STAKEHOLDERS' ASSESSMENT OF REVISED AND NEW M.A./M.SC. COURSES

NEW COURSE

Climate Change Impacts and Adaptation in Himalaya

S. No.	Assessment Criteria	Observations
1	Appropriateness of Course Contents to cater the learning outcomes and skills development of the students at ground level	Reasonably appropriate. However, some extra course material directly pertaining to skill development still needs to include.
2	Positioning of courses in Curricula for combining science with practices	Fine
3	Suitability of Marks Allocated	Okay
4	Suitability of recommended Teaching Learning Material in context of sustainable mountain development	Okay. However, inclusion of some location specific problems would add its present value.
5	Suitability of the assessment procedure to support transferable skills among stakeholders	Okay
6	Appropriateness of Course Contents for imparting adequate knowledge of Sustainable Development of Mountain Areas to Students	Okay
7	Overall Assessment	Excellent
