## Research part

### SUNRAISE – SURE Summer School

### URBAN + MOUNTAINS

### 15<sup>th</sup> – 21<sup>th</sup> of July 2019

In the first part of the summer school, from July 8 to July 14 we will offer a number of highly interactive lectures designed to familiarize participants with the study area. Subsequently, individual field work and supervised group research in and around the Salzburg region is scheduled for July 15 to July 21. The topics for this group research will be identified by the students with support of the lectures - we will prepare brief descriptions of the case studies beforehand to simplify the process. In the final part, we are looking forward to the participant's presentations of their findings.

#### Research Training: The Case Salzburg

Students individually or in small groups solve research questions in Salzburg, guided by the Salzburg and SUNRAISE-Team. Finally they present the results on 19<sup>th</sup> of July 2019.

#### Subjects:

- Urban Agriculture/Urban Gardening (Breuste)
- Urban trees (Hayir Kanat, Kohoutkova)
- Citizen Science – Vizualisation of nature

The research week is guided by **Prof. Dr. Jürgen Breuste, University of Salzburg** **Dr. Meryem HAYIR KANAT**, Yildiz University, Istanbul, Turkey, with support of **Kristýna KOHOUTKOVÁ**, Mendel University in Brno, Czech Republic, and **Marc GIMENEZ MARANGES, University of Salzburg**
